Past performance cannot guarantee future results. Returns for periods greater than one year are annualized. Returns are expressed in U.S. dollars and reflect the reinvestment of dividends and other earnings. Composite and benchmark returns are presented net of non-reclaimable withholding taxes, if any. Gross-of-fees returns are presented before management and custodial fees but after all trading expenses. Net-of-fees returns reflect gross performance less investment management fees. Net-of-fees returns are calculated by deducting 1/12 of the highest tier of the standard fee schedule in effect for the period noted (the model fee). The

composite model fee for each period is either the highest tier of the current fee schedule or a higher value, whichever is required to ensure the model composite net-of-fee return is lower than or equal to the composite net-of-fee return calculated using actual fees. Actual fees may vary depending on, among other things, the applicable fee schedule and portfolio size. The firm's fees are available on request and may be found on Part 2A of its Form ADV.

The RS Mid Cap Value Composite includes all discretionary accounts invested in the Mid Cap Value Strategy. The Strategy invests principally in equity securities of companies that RS Investments believes are undervalued, and may at times invest a portion of its assets in non-US securities. The composite creation date is January 2003 and the composite inception date is July 1993.

The benchmark of the composite is the Russell Midcap® Value Index. The Russell Midcap® Value Index is an unmanaged market-capitalization weighted index that measures the performance of those companies in the Russell Midcap® Index with lower price-to-book ratios and lower forecasted growth values.

Index returns are provided to represent the investment environment during the periods shown. Index performance does not reflect management fees, transaction costs or expenses that would be incurred with an investment. One cannot invest directly in an index. **Past performance does not guarantee future results.**
